

Parking at the Autocross

In order to keep the road clear for traffic, please do not park cars on the East side of Pine Grove Rd. This is the lane that runs along the Meadows Lot. You can park on the West side, but not the East side. Also, please do not park any cars along Bangtail Rd. and Broomtail Ln. These are narrow two lane roads with very little shoulder. We do have some options for parking areas around the Meadows Lot. A good option is to park at the Strings Music Festival Parking area. This lot is open to anyone that wants to park and take a short walk over to the Meadows Lot to check out the Autocross. There is also additional parking closer to the shopping area just to the West of the Stings Music Festival parking.

We also have parking available on Mt. Werner Rd. above the intersection with Broomtail Ln. However, keep in mind that if you park there you cannot take a right turn and head down Mt. Werner Rd. when leaving. You must follow Mt. Werner Rd. towards the Roundabout to leave the area.
